

# Chrome DevTools - Network Tab

The screenshot shows the Chrome DevTools Network Tab. The top bar includes tabs for Elements, Console, Application, Sources, Network (selected), Performance, Memory, Security, and Audits. Below the tabs are various controls: a red status indicator, a filter icon, a 'View' dropdown, checkboxes for 'Group by frame', 'Preserve log', 'Disable cache', 'Offline', and 'Online'. A 'Filter' input field is present, followed by a 'Hide data URLs' checkbox and a filter menu with 'All' selected. The filter menu also lists XHR, JS, CSS, Img, Media, Font, Doc, WS, Manifest, and Other. The main area displays a table of network requests.
